

MACHINERY AVAILABLE

- ❖ Maho CNC Milling Machine, Model MH-C 900
- ❖ TOS (100 dia.) Horizontal Boring Machine
- ❖ Gildemeister CNC Lathe
- ❖ LML CNC Lathe
- ❖ Double spindle drilling Machine
- ❖ HMT H-26 Centre Lathe
- ❖ HMT A-24 UP Centre Lathe
- ❖ TOS Horizontal Milling machine with Universal Milling Head
- ❖ HMT M2H Milling Machine with all accessories like vertical head, dividing head, rotary table etc. - 2 nos.
- ❖ Batliboi RD- 25 Radial Drilling Machine
- ❖ 18mm Pillar Drilling Machine
- ❖ HMT -G-13Ux 500 Universal Cylindrical Grinding Machine
- ❖ TOS Surface Grinder 600 x 200
- ❖ 18" Hacksaw
- ❖ 200A DC (Rectifier) Welding set
- ❖ Spray painting Equipment
- ❖ Overhead crane facilities (3 nos.) - upto 10 tonne capacity.

INSPECTION EQUIPMENT

- ❖ Vernier Calipers upto 1000 mm
- ❖ Micrometers upto 500 mm
- ❖ Bore Gauge upto 500 mm
- ❖ Slip Gauge Box (Inspection & Workshop grade)
- ❖ Depth Micrometers
- ❖ Granite Surface Plates 1000 x 630 mm
- ❖ Cast Iron Surface Plates 1600 x 1000 mm Gr.I
- ❖ Cast Iron Surface Plates 600 x 600 mm Gr.I
- ❖ 200 mm Sine Bar
- ❖ Plunger type dial gauge
- ❖ Millimess and Zentimess
- ❖ Depth Vernier 200 mm, 300 mm
- ❖ Spirit Levels of various types

EQUIPMENTS FOR MACHINE TOOL CALIBRATION / RECONDITIONING

- ❖ Auto-collimator, Russian make with 0.5 seconds accuracy
- ❖ Laser Calibration equipment
- ❖ Machine Testing equipment

ACME ENGINEERS PVT. LTD.

HYDERABAD, INDIA

◆ MACHINE RECONDITIONING

◆ SPECIAL PURPOSE MACHINES

◆ AUTO PARTS

PROFILE

Acme Engineers Pvt. Ltd. was founded in 1982 at Hyderabad, INDIA. The Company was started with the two-fold purpose of machine tools reconditioning, manufacturing of various machinery spares as well as automobile components to meet the customer requirements from time to time.

We are at your service to undertake the reconditioning of Machine Tools, CNC Retrofitment Services, manufacture of Special Purpose Machines, manufacture of Spare parts for Machines, Jigs, Fixtures, Accessories. We also have a separate unit to manufacture Automobile parts.

The Company has another plant to manufacture Automobile Components, situated at Zaheerabad, about 100 kms from Hyderabad. Components required for Light Commercial Vehicles are produced here.

QUALITY POLICY

We, at ACME ENGINEERS PVT. LTD. do solemnly resolve to strive and manufacture products and provide the services of machine reconditioning & upgradation, of the highest quality standards. We also strive to produce the best quality of automobile components as per customer requirements to achieve Quality Objectives and Work towards concept of ZERO :

- ❖ Zero Quality Defects
- ❖ Zero Errors in Assembly
- ❖ Produce ready to use components and assemblies
- ❖ Minimize inspection and stress on process control
- ❖ Continuous improvements.

SPECIALIZED SERVICES

RECONDITIONING OF MACHINE TOOLS

- ❖ Mechanical & Electrical Reconditioning of conventional & Special Purpose Machines
- ❖ CNC Retrofitting and upgradation

MANUFACTURING

- ❖ Manufacture of Special Purpose Machines
- ❖ Manufacture of Critical and Non-Critical Machine Tool Spares and Components

AUTOMOBILE COMPONENTS

- ❖ Manufacture and supply of Hubs in the assembled condition with brake drums for Light Commercial Vehicles.
